

Statistical Bulletin

Destinations of Leavers from Higher Education: Northern Ireland 2006/07

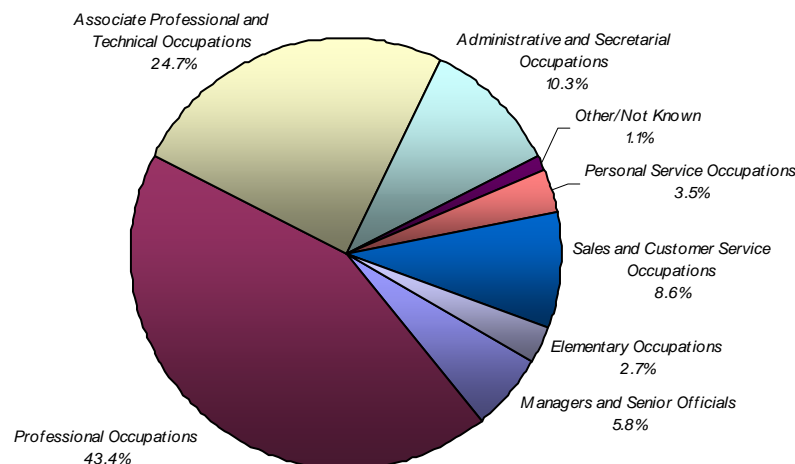

29 August 2008

This Statistical Bulletin has been produced by the Department for Employment and Learning using data collected by the Higher Education Statistics Agency (HESA). It provides details of the destinations of leavers from Higher Education who obtained qualifications in Northern Ireland (NI) Higher Education institutions and NI domiciled leavers obtaining qualifications in UK Higher Education institutions in the academic year 2006/07.

The data presented draws on the Destinations of Leavers from Higher Education (DLHE) record.

NI domiciled leavers gaining Higher Education qualifications through full-time study at UK Higher Education institutions in 2006/07 entering employment

NB. Other occupations include skilled trade occupations and process, plant & machine operatives.

Key Points

NI domiciled leavers gaining Higher Education qualifications at UK Higher Education institutions

Full-time leavers

DLHE returns There were 9,270 NI domiciled leavers attaining qualifications through full-time study at Higher Education institutions in the UK in 2006/07 who had DLHE data returned to HESA.

Activity Of the NI domiciled undergraduate full-time qualifiers whose activity was known, 75% were in employment at the time of the survey compared with 73% of all UK domiciled undergraduates. This includes the 7% of NI domiciled undergraduate qualifiers and 9% of all UK domiciled undergraduates in both work and undertaking further study. A similar proportion of NI domiciled undergraduate full-time qualifiers were undertaking only further study (16%) compared to all UK domiciled undergraduates (17%). There was a lower proportion of NI domiciled male undergraduate qualifiers (73%) who had found employment than female undergraduate qualifiers (76%). Of NI domiciled postgraduate qualifiers, 87% entered employment, which is similar to 86% of all UK domiciled postgraduates.

Location of employment Of those whose location of employment was known, 77% of undergraduates gaining qualifications took up employment in NI, 18% in GB, 3% in the Republic of Ireland (RoI) and 2% elsewhere. Of leavers gaining postgraduate qualifications, 61% took up employment in NI, 33% in GB, 3% in RoI and 3% elsewhere.

Location of employment (completed studies at NI Higher Education institutions) Of the 5,730 NI domiciled undergraduates who attained qualifications through full-time study at Higher Education institutions in NI and had DLHE data returned to HESA, 91% of those whose location of employment was known remained in NI, 5% went to GB and 3% went to RoI. Of the 5,730 undergraduates, 89% of males and 92% of females remained in NI. Of the 765 NI domiciled postgraduates who studied in NI and had DLHE data returned, 91% of those whose location of employment was known remained in NI, 6% went to GB and 3% went to RoI. Of the 765 postgraduates, 86% of males and 92% of females remained in NI.

Location of employment (completed studies at GB Higher Education institutions) Of the 2,150 NI domiciled undergraduates who attained qualifications through full-time study at Higher Education institutions in GB and had DLHE data returned to HESA, 39% of those whose location of employment was known returned to NI, 55% remained in GB and 3% went to RoI. Of the 2,150 undergraduates, 39% of males and 38% of females returned to NI. Of the 620 NI domiciled postgraduates who studied in GB and had DLHE data returned, 27% of those whose location of employment was known returned to NI, 67% remained in GB and 3% went to RoI. Of the 620

postgraduates, 28% of males and 27% of females returned to NI.

Standard Occupational Classification	Of those entering employment and with known standard occupational classification, 71% of NI domiciled undergraduate full-time qualifiers took up positions as Managers & Senior Officials, in Professional Occupations, or in Associate Professional and Technical Occupations. The comparable figure for all UK domiciled undergraduates was 68%. A similar proportion of NI domiciled postgraduate qualifiers entered Professional Occupations (76%) compared to all UK domiciled postgraduates (72%).
Unemployed	The proportion of NI domiciled undergraduate full-time qualifiers, of known activity, assumed to be unemployed was 5%, compared to 6% of all UK domiciled undergraduates. The corresponding proportion for NI domiciled postgraduates was 3% and all UK domiciled postgraduates was 4%.
Further Study	Of those NI domiciled leavers gaining undergraduate qualifications through full-time study (other than first degree) and continuing with further study, 80% are continuing with a first degree course. Of those gaining first degrees and continuing with further study, 69% are undertaking postgraduate courses and 14% are undertaking professional qualifications.
Salary information	Of those first degree graduates in full-time employment, 35% disclosed salary information. The average salary for NI domiciled leavers entering employment was £18,600. The median salary recorded was £19,000 i.e. half the salaries recorded were above this value and half were below.

Part-time leavers

Activity	Of those NI domiciled leavers gaining qualifications through part-time study and returning DLHE data to HESA, 940 gained undergraduate qualifications and 1,055 gained postgraduate qualifications. Of those leavers whose activity was known, 89% of undergraduate and 94% of postgraduate leavers were in employment at the time of the survey. This includes 12% of undergraduates and 11% of postgraduates who were both employed and undertaking further study.
----------	--

Leavers gaining Higher Education qualifications at NI Higher Education institutions

Full-time leavers

DLHE returns	There were 7,030 leavers who attained qualifications through full-time study at NI Higher Education institutions and had DLHE data returned to HESA.
Activity	Of full-time undergraduate leavers graduating from NI Higher Education institutions whose activity was known, 69% entered 'employment only', 6% entered employment as well as further study, 16% embarked on further study only and 4% were assumed to be unemployed. Of postgraduate qualifiers, 81% entered 'employment only', 3% entered employment as well as further study, 9% embarked on further study only and 4% were assumed to be unemployed.
Location of employment	Of those whose location of employment was known, 88% of undergraduates remained in NI to take up employment, 5% went to GB, 6% went to RoI and 2% elsewhere. Of leavers gaining postgraduate qualifications, 83% took up employment in NI, 8% in GB, 8% in RoI and 2% elsewhere.
Location of employment (by domicile)	There were 6,150 full-time undergraduates graduating from NI Higher Education institutions who had DLHE data returned to HESA. Of those whose location of employment was known, 91% of NI domiciled leavers and 34% of non-NI domiciled leavers undertook employment in NI. There were 885 postgraduates graduating from NI Higher Education institutions who had DLHE data returned. Of those whose location of employment was known, 91% of NI domiciled leavers and 35% of non-NI domiciled leavers undertook employment in NI.
Standard Occupational Classification	Of those entering employment and with known standard occupational classification, 71% of undergraduates and 88% of postgraduates gaining qualifications through full-time study at NI Higher Education institutions took up employment as Managers & Senior Officials, in Professional Occupations, or in Associate Professional and Technical Occupations.
Further Study	Of those leavers gaining undergraduate qualifications (other than first degree) and continuing with further study, 75% were undertaking first degrees. Of those leavers gaining first degrees at NI Higher Education institutions and continuing with further study, 73% were undertaking postgraduate courses and 10% professional qualifications.

Part-time leavers

Activity Of those leavers gaining qualifications through part-time study at NI Higher Education institutions and returning DLHE data to HESA, 810 gained undergraduate qualifications and 1,070 gained postgraduate qualifications. Of those leavers whose activity was known, 90% of undergraduate and 93% of postgraduate leavers were in employment at the time of the survey. This includes 10% of undergraduates and 11% of postgraduates who were both employed and undertaking further study.

Notes to Readers

1. The Higher Education Statistics Agency (HESA) is the official agency for the collection of information on publicly funded Higher Education institutions in the UK. It was set up in 1993 following the white paper "Higher Education: a new framework", which called for more coherence in Higher Education statistics. Higher Education institutions include all publicly funded universities. HESA data do not include enrolments at Further Education colleges in Northern Ireland or Great Britain, or enrolments at institutions in the Republic of Ireland.
2. Leavers referred to as NI domiciled are those whose permanent place of residence was in NI prior to enrolment on a Higher Education course.
3. Higher Education courses are defined as those courses leading to a qualification above A-level standard. This includes first degree and postgraduate study, BTEC Higher National Diploma and Certificate courses and a number of professional qualifications.
4. This Statistical Bulletin is based on data returned to HESA in respect of the 'Destinations of Leavers from Higher Education (DLHE) target population'. Of NI domiciled leavers for whom DLHE information was expected, 81.5% of full-time and 69.0% of part-time leavers had data returned to HESA, with 82.1% of full-time and 76.7% of part-time leavers who attended Higher Education institutions in Northern Ireland returning data. It should be noted that the DLHE population does not include non EU leavers.
5. The HESA DLHE target population includes all those leavers whose study was full-time or part-time and who obtained relevant qualifications (see note 6) reported to HESA for the reporting period 1st August 2006 to 31st July 2007. Tables 1-6 contain information on full-time leavers and table D in the annex provides information on part-time leavers.
6. Relevant qualifications for the DLHE return include postgraduate degrees, diplomas and certificates, Postgraduate Certificates in Education (PGCE), first degrees, foundation degrees, diplomas/certificates of Higher Education, Higher National Diplomas (HND) and Higher National Certificates (HNC). The DLHE survey does not cover leavers who have gained other qualifications, examples of which include; professional qualifications (e.g. associate membership or membership of a body such as the Institute of Bankers), and undergraduate diplomas and certificates (other than foundation degrees, HND, DipHE, HNC and CertHE).
7. For the 2006/07 DLHE return, two reference dates were used: 16th April 2007 for leavers who obtained the qualification between 1st August 2006 and 31st December 2006; and 14th January 2007 for leavers who obtained the qualification between 1st January 2007 and 31st July 2007.
8. The 'Not known' category in the tables includes non-respondents and explicit refusals.
9. To prevent the identification of individuals, figures in the attached tables are rounded up or down to the nearest five with 0, 1, 2 rounded to 0.

Tables

NI domiciled leavers gaining Higher Education qualifications at UK Higher Education institutions

Tables 1A, 1B and 1C show the numbers of NI domiciled leavers gaining Higher Education qualifications through full-time study at Higher Education institutions in the UK by level of qualification, location of employment, gender and location of institution for 2006/07.

Table 2 gives details of NI domiciled leavers gaining Higher Education qualifications through full-time study at Higher Education institutions in the UK by level of qualification, activity and gender for 2006/07.

Table 3 shows the number of NI domiciled leavers gaining Higher Education qualifications through full-time study at Higher Education institutions in the UK entering employment by Standard Occupational Classification (SOC), level of qualification and gender for 2006/07.

Leavers gaining Higher Education qualifications at NI Higher Education institutions

Tables 4A, 4B and 4C present information on the numbers of leavers gaining Higher Education qualifications through full-time study at Higher Education institutions in NI by level of qualification, location of employment, gender and domicile for 2006/07.

Table 5 details the number of leavers gaining Higher Education qualifications through full-time study at Higher Education institutions in NI by level of qualification, activity and gender for 2006/07.

Table 6 presents information on leavers gaining Higher Education qualifications through full-time study at Higher Education institutions in NI and entering employment, by Standard Occupational Classification (SOC), level of qualification and gender for 2006/07.

Summary information (Annex tables)

Table A compares the activity of NI domiciled and all UK domiciled leavers gaining Higher Education qualifications through full-time study by level of qualification for 2006/07.

Table B compares NI domiciled and UK domiciled leavers gaining Higher Education qualifications through full-time study and entering employment by level of qualification and Standard Occupational Classification for 2006/07.

Table C provides information on leavers gaining Higher Education qualifications through full-time study in 2006/07 and participating in further study by level of further study.

Table D provides information on the activity of leavers gaining Higher Education qualifications through part-time study in 2006/07.

Table E compares the salary of NI domiciled leavers who gained first degrees through full-time study in the UK in 2006/07 and entered full-time employment by location of study.

Table F compares the salary of NI domiciled leavers who gained first degrees through full-time study in the UK in 2006/07 and entered full-time employment by location of destination.

Table G provides information on the average salary of NI domiciled leavers who gained Higher Education qualifications through full-time study at Higher Education institutions in the UK and entering full-time employment (without further study) by Standard Occupational Classification (SOC).
